PART III: REASONS FOR REJECTIONS AND OBJECTIONS

Claims 10-33 are withdrawn from further consideration by the examiner (see 37 CFR 1.142(b)) as being drawn to nonelected inventions. Election was made without traverse in Paper No. 4.

The following is a quotation of the appropriate paragraphs of 35 USC 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

Claims 1-9 are rejected under 35 USC 102(b) as being clearly anticipated by Singer et al.

Claims 1-9 are rejected under 35 USC 102(e) as being clearly anticipated by Colella et al.
